

مدرسة جلوبال الفلبينية

THE PHILIPPINE GLOBAL SCHOOL

Leader in Academic Excellence and Values Formation

Dear Parents of KG 1 and KG 2,

We hope this message finds you well. We are writing to inform that we received information from SEHA that the comprehensive school health screening is free of charge for KG 1 and KG 2 only (age of the child less than 6 years on the day of screening). We will provide a new form for the said screening, and you can opt to avail it. If you have already made a payment for the said services, rest assured that the full amount will be refunded to you promptly.

For further details, please contact the school nurse.

Best regards,

School Nurse
